

# Junior School

This section comprises of the British National Curriculum Key Stage 1 and 2. Teachers provide inspiring activities to boost pupils' confidence and pique their curiosity. Learning is made enjoyable & fun. To achieve this, we ensure that work is divided as per the recommendations of the British National Curriculum.

Jaffery Academy Junior School is whole-heartedly devoted towards STRENGTHENING holistic lifestyle values through;

- › Holistic Learning approach for the Child.
- › Inclusiveness and a sense of belonging for all.
- › A vision of peace and social change through education.
- › A balanced curriculum including Curricular and Co-Curricular activities
- › Conducive learning environment
- › Physical Education program including swimming.
- › Life Skills Program.
- › Continuous Professional Development of the faculty.
- › Well-equipped ICT laboratory.

## Key Stage 1 and 2:

Our aim is to provide the learners with a free atmosphere where they learn not only from educators but also from their peers and surroundings. Subject areas include English, Mathematics, Science, Geography, History, Art & Craft, Arabic, Spiritual upliftment, Physical Education, Life Skills Programme and Information Technology.

The Languages are set to provide an enabling environment for learners to communicate effectively through spoken and written language. Several programs are set to achieve this important goal, and among them is "Buddy Reading" where children are offered a chance to select a friend from any class and share reading. This is done in an absolute free cordial atmosphere where the teacher's main role is to inculcate fluency and accuracy in reading, writing and speaking.

Mathematics and Science aim at equipping learners with skills that assists in calculating, interpreting, estimating and manipulating, as they interact with the environment. Learners are encouraged to relate what they learn in their day to day life.
