

Senior School

The Senior School caters for students aged between 11 and 18 years. It is divided into two sub-sections; the middle and the senior sections. The latter is further divided into IGCSE and A-Level following the British National Curriculum.

Jaffery Academy Senior School is whole-heartedly devoted towards ENTRENCHING holistic lifestyle values through;

- › Provision of a Holistic Education.
- › Inclusiveness and a sense of belonging for all.
- › A Vision of peace and social change through education.
- › A balanced curriculum including Curricular and Co-Curricular activities.
- › A conducive learning environment with newly refurbished modern classrooms.
- › Physical Education program including swimming.
- › Life Skills program.
- › Continuous Professional Development of the faculty.
- › A Well Equipped ICT room.
- › Career Guidance and Counseling Program including visits to various International Educational Fairs
- › Active participation in the Middle School, East Africa, Sub-Saharan and Rome Model United Nations (MUN) programs.

The Middle School: The Middle School bridges the gap between Primary and Upper Secondary. It commences once a student has successfully completed year 6 and proceeds to year 7.

During the Middle School years students are exposed to a broad variety of subjects: Mathematics, English Language, English Literature, French, Kiswahili, Arabic, Biology, Chemistry, Physics, Geography, History, Business Studies, Economics, Art and Design, Information and Communication Technology (ICT), Physical Education and Life Skills. The culmination of this level is marked by the student's academic evaluation for the Cambridge Lower Secondary Programme Checkpoints at Grade 9.

The Senior School: Upon successful completion of Grade 9, the students then proceed to year 10 which is the introductory phase of the Senior School. At this level they are prepared for their IGCSEs, which is a two year course. Depending on the students' choices of subjects at Grade 9, they will sit for a minimum of eight IGCSE subjects at the end of year 11.

A-Level: This comprises both year 12 (Advanced Subsidiary Level) AS-Level and year 13 (Advanced Level) A-Level; after which students proceed to universities across the globe. The subjects offered at these levels are: Mathematics, Additional Mathematics, Biology, Chemistry, Physics, Psychology, History, Geography, Sociology, Business Studies, Economics, Accounting, Literature in English, Physical Education, Applied (ICT) Information and Communication Technology.

Our 4 newly established SMART Learning Centers:

- Wangari Mathaai SMART Learning Centre
- Ibn Sina SMART Learning Centre
- Malala Yousafzai SMART Learning Centre
- Albert Einstein SMART Learning Centre

These facilitate the student centered learning through the use of latest interactive technology.
